Paul,

I was able to download a complete electronic version from EPA's website, but would still like a hard copy at your convenience.

Thanks,

Shawn Muenks, P.E.

Okay. I will look at sending them to you some other way.

Paul,

I attempted to download from the Dropbox site, but it is blocked by our internet filter. If you could send it to me when you return from vacation, I would appreciate it.

Thanks,

Shawn Muenks, P.E.

Shawn,

The drawings are still available for download from the Dropbox site listed in the report in the drawings section but to make it easy, this is the website where the drawings can be found, viewed and/or downloaded. [Barrier Presentation Drawings 001-016](#)

I am out on vacation as are all of my partners, so at this time, I do not have a way to make you a hard copy or a disk. If you received the electronic copy from EPA and you obtain the drawings from the site listed above, you should have a complete electronic copy.

We distribute the report as instructed by EPA and the client. I will ask Bridgeton about including you on future distributions.

Paul,

I have received an electric copy of the document through EPA without drawings. Could you send me a hard copy of the entire document along with electronic copy on disk? Would it be possible to add me to the distribution list on future submittals?

Thanks,
